OFFICE OF LEGISLATIVE COUNSEL

Monday - 15 September 1975

CIA INTERNAL USE ONLY

1. (Unclassified - RC) HEARINGS At the request of Mr. Cary, I called Ralph Preston, staff of House Appropriations Committee, and Frank Slatinshek, Chief Counsel, House Armed Services Committee, and alerted them to the Director's appearance in open session before the Senate Select Committee on 16 September 1975 concerning toxins. I said that I was trying to get to them before the close of the day a copy of the Director's prepared statement but it was likely that I would not be able to do so until tomorrow morning. They both said that was fine. I also advised Mr. Preston that I hoped to get to him tomorrow a fact sheet and a copy of the transcript of the Director's press conference on Friday about our problems with the House Select Committee. He said he would appreciate that very much as he has to focus on the House Select Committee's requests for documents from his Committee.

2. (Internal Use Only - WPB) LEGISLATION Called Jim Wentzel, Office of Legislative Affairs, Department of Justice, to discuss H. R. 214, a bill on electronic surveillance which is being marked up by the House Judiciary Subcommittee on Courts, Civil Liberties, and the Administration of Justice. Wentzel's prognosis was that it was going to be difficult to get an acceptable piece of legislation out of the House in this area. He advised that if we wanted to give it the old college try, we should see Tom Mooney, Minority Counsel to the Subcommittee.

3. (Internal Use Only - DFM) LEGISLATION Called Clark McFadden, Counsel to the Senate Armed Services Committee, and arranged to meet him Tuesday regarding the military malpractice legislation under consideration by the Committee.
